In the manufacturing of cables & wires, competitive edge lies in product consistency and quality. Deltacab highly values its customers. Since its establishment it has been flourishing and booming in the domain of manufacturing and supplying supreme quality of Electrical & Electronics Wires, Cables, Molded Cords, and Spiral Cords. These products are globally accredited among our clients for their longevity, accurate performance, reliable and durable nature.

Delta Electronics derives its strengths from its customers. Our Customer satisfaction is its prime objective. The cables, wires and cords that we offer have numerous applications in the telecommunication Industry, Elevator Industry, Healthcare Industry, Electrical and Electronic Projects, Medical Equipment, Testing Equipment, Construction areas. With the aid of a specialized and highly experienced work force we put forward our earnest efforts to produce products that meet the needs of our clients suitably. We also offer our
customers sampling schemes.

Our complete product range is manufactured from quality tested raw materials and is made in conformity with the international standards set up for these products. This ensures their strength to deliver long lasting high level of performance. Hence our products are in great demand internationally.
